Super speed

*Memory is personal*

### Ultra fast transfer speeds

Diamond D05 outstanding read/write speed is coupled with the latest USB 3.0 interface and is backwards compatible with USB 2.0. The USB 3.0 interface features a 5Gb/s bandwidth which is 10x the bandwidth of a USB 2.0 interface. It saves users precious time backing up to and from the hard drive when transferring mass data files.

### Massive 1TB storage capacity

It takes Diamond D05 only 70 seconds to transfer and store a 25GB blu-ray DVD. The massive 1TB storage capacity can store up to 200 full-length DVD movies. Regardless of the file size, its transmission rate and capacity will satisfy every customer's needs.

### Delicate Exterior with Metallic Grain

D05, continues Diamond series in their delicate design and exterior. The solid and scratch resistant case by metallic grain surface embosses the diamond mark. The pocket-sized and easy for carry design is indeed the priority choice for urban and business people.

### SP widget software features seven main functions
